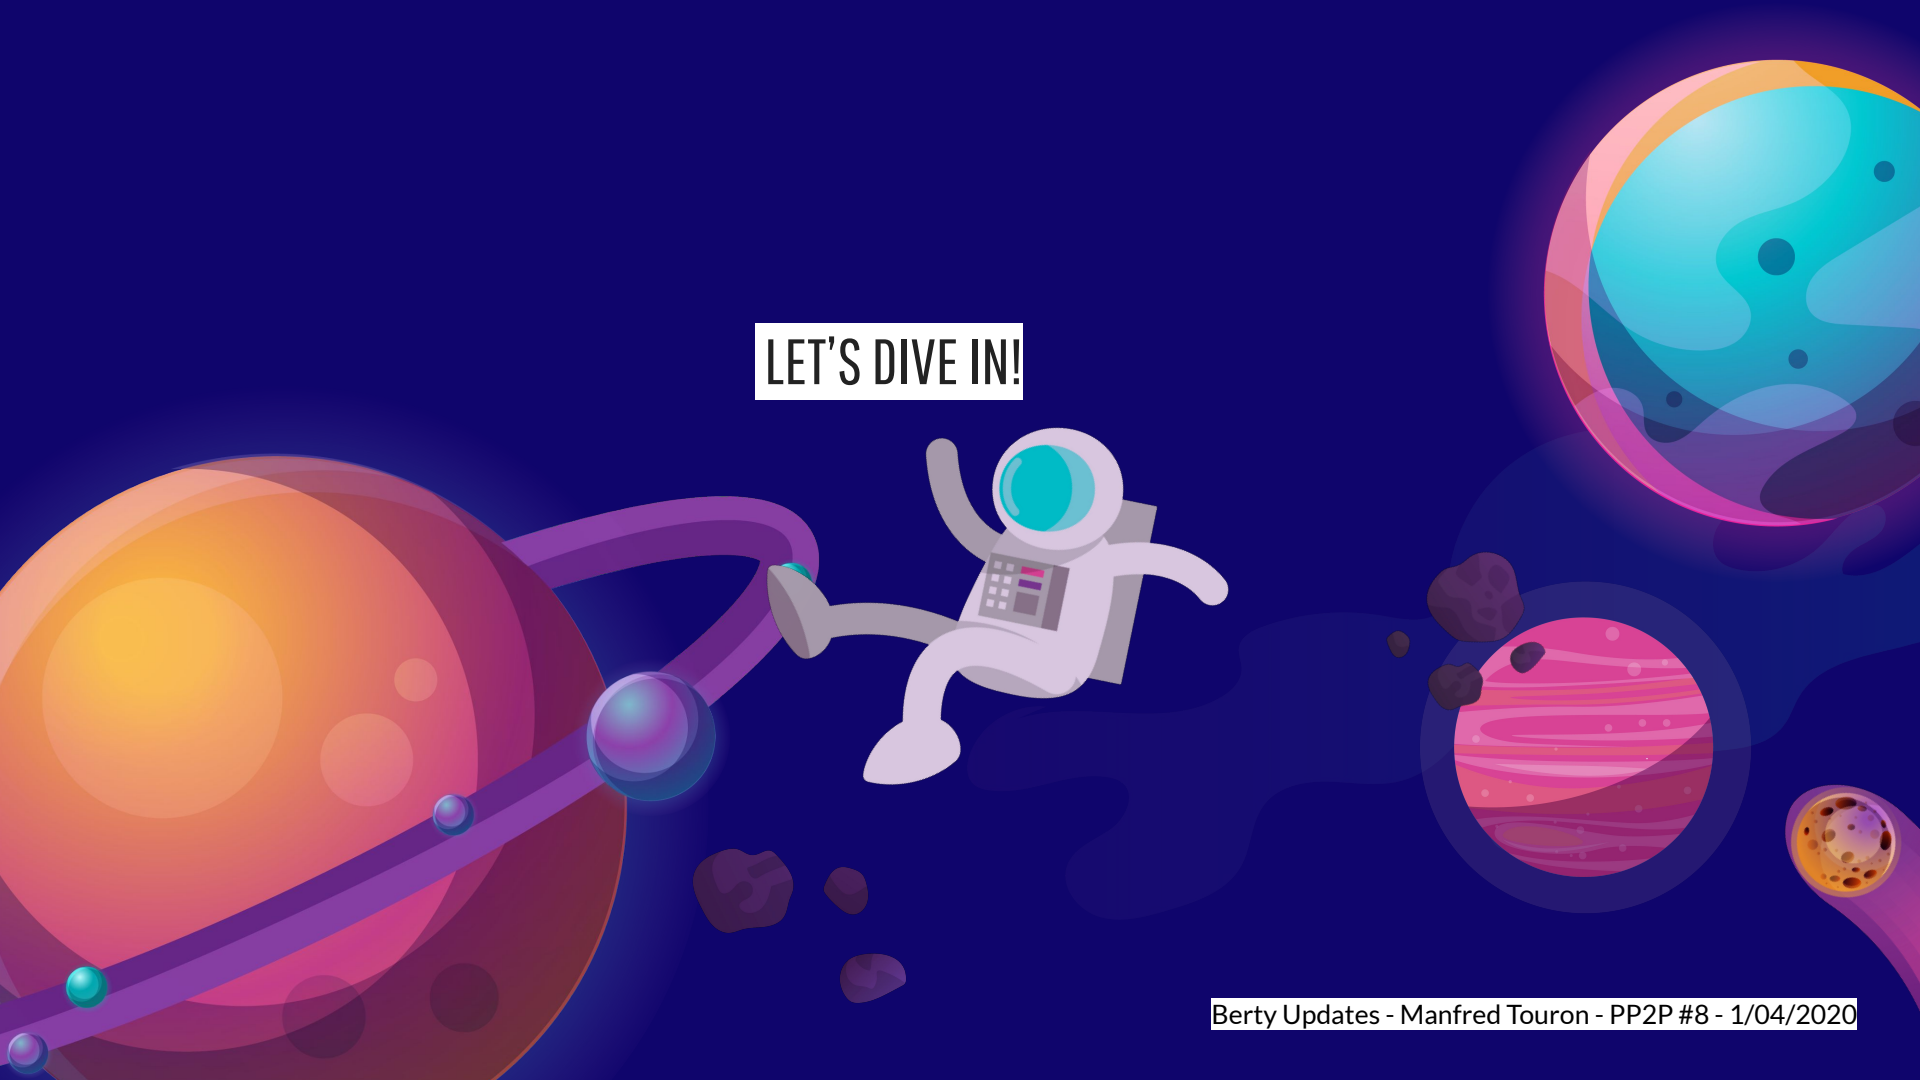
LET'S DIVE IN!



01 BERTY UPDATE

Berty Chat's Aim

Berty is a multi-device **encrypted messaging application** based on a **distributed network** and designed to respect users' **privacy** while allowing them to **communicate without censorship / surveillance**

Privacy First App

Decentralized, Distributed, Serverless

No phone number / email

E2EE

No consensus
No blockchain

No Internet Needed

Leaking Metadata as low as possible

Berty Chat's Aim

Berty is a multi-device **encrypted messaging application** based on a **distributed network** and designed to respect users' **privacy** while allowing them to **communicate without censorship / surveillance**

Berty = A Protocol + A Chat

BERTY PROTOCOL

BERTY CHAT

Berty Ultimate Goal

Reminder :

🆓 We are an NGO

🕵️ Protect your privacy

🏠 Own & maintained by the community

✋ End of censorship

✋ End of mass surveillance

🔍 Be a whistleblower on surveillance

Be a whistleblower on surveillance

- Watch updates from governments & intelligence services
- Analyze, synthesize, and relay to the general public
- Raising public awareness of the issues
- Inform and share information on available tools
